

REDEEMER MAN PLAN M.I.D.A.

Massive Infrastructural Development of Africa

- Focused primarily on massive rural development across Africa.
- Ongoing... 2015 - 2020 - 2025

This program seeks to advocate or solicit governments around the world to implement policies that favor increased philanthropy towards Africa by 2015. This will encourage private individuals, corporations and organizations to practice increased giving and partner with Africa in meeting the developmental needs of the continent, comparable to the Marshall Plan of the late 1940's in Europe.

VISION

Africa Needs U “ANU” is a faith based non profit advocacy organization based in Hanover, Maryland. Our vision is a world where people are united in the goal of a better life for others through increased giving towards the development of others. The organization was formed with the aim of encouraging a significant increase in the level of giving towards the spiritual and physical development of the needy. Jesus Christ said in Matthew 22: 39 “...love your neighbor as yourself...” and the vision of “Africa Needs U” is predicated on this principle.

We believe that the beginning solution to a turn around in the stall of development in the world, is the development of man spiritually. The bible calls men as leaders of their household and thus of their community. By organizing programs and activities geared towards spiritual development, we hope to encourage all to seek and walk in God’s purposes for their lives, which is to love God and love your neighbor as yourself.

OUR PROGRAMS

AFRICA PRAYS

This program seeks to bring understanding that God is the source of strength to cause desired social change and development. Also, that prayer is the means of communicating with God to cause those changes. To achieve this, we seek to promote a habit of “PUSH - Pray Until Something Happens”, in finding solutions to issues of social change and development (1Thessalonians 5:17, 2Chronicles 7: 14–15). Under this program, we organize regular monthly praise and worship meetings, and annual praise & worship concert to seek God for healing, advancement and breakthroughs in development.

AFRICA ASK - A MISSIONS TOOL

This program is based on the principle of Matthew 7:7 “ Ask ...,Seek... Knock...”. It seeks to provide a web based “asking” databank for collective core human need areas. The databank is designed to:

RAISE AWARENESS - To raise the awareness of the people in more developed countries to the specific needs of Africa and less developed countries.

PROVIDE - To actively seek funding and encourage others to sow or partner with us in meeting the developmental needs in rural areas primarily focusing on:

- Education
- Healthcare & Medical Services
- Housing
- Water Resource Development
- Agricultural Development & Food Supply
- Youth Development & Empowerment.

ENLIGHTEN - To provide a database of established on-site organizations or groups that can be partners in fulfilling the areas of need and making a difference in the lives of others.
